

Micro SD DH-PFM113

Use TLC storage medium, cost-effective

High transmission speed, to be a higher class UHS-I, at least to be 20MB/s

High adaptability, water-proof, shock-proof, X-ray proof, high and low temperature resistance, etc.

Wide application, be applied on the scenarios which will be light storage in the consumer products, relatively low video intensity or used in the relatively simple environment. Optimized for 24/7 surveillance video capture.

**Detailed**

| | |
|------------------|---|
| Model | DH-PFM113 |
| Product Type | Dedicated TF card, Micro SD card |
| Nominal Capacity | 128 GB |
| Property/Speed | Class 10, UHS-I (reading speed: 90MB/s, writing speed: 20MB/s) |
| Compatibility | Compatible with the devices which can support micro SDHC, micro SDXC, micro SDHC UHS-I and micro SDXC UHS-I, especially with DAHUA cameras! |
| Dimension(LxWxH) | 15mmx11mmx1mm (0.59"x0.43"x0.04") |

| | |
|----------------------|---|
| Weight(with package) | 8.0g (0.02lb) |
| Color | Red & grey |
| Storage Temperature | -25°C~+85°C (-13°F~+185°F) |
| Working Temperature | -15°C~+70°C (+5°F~+158°F) |
| Humidity | 0~95% (non-condensing) |
| Certifications | CE (EN55022, EN55024) FCC (ANSI C63.4, CFR 47 FCC PART 15 |
