Mikro SD DH-PFM112

- Use TLC storage medium, cost-effective
- High transmission speed, to be a higher class UHS-I, at least to be 20MB/s
- High adaptability, water-proof, shock-proof, X-ray proof, high and low temperature resistance, etc
- Wide application, be applied on the scenarios which will be light storage in the consumer products, relatively low video intensity or used in the relatively simple environment. Optimized for 24/7 surveillance video capture

Yaddaş həcmi	64 GB

Ətraflı

Model	DH-PFM112
Product Type	Dedicated TF card, Micro SD card
Nominal Capacity	64 GB
Property/Speed	Class 10, UHS-I (reading speed: 90MB/s, writing speed: 20MB/s)
Compatibility	Compatible with the devices which can support micro SDHC, micro SDXC, micro SDHC UHS-I and micro SDXC UHS-I, especially with DAHUA cameras!
Dimension(LxWxH)	15mmx11mmx1mm (0.59"x0.43"x0.04")
Weight(with package)	8.0g (0.02lb)
Color	Red & grey
Storage Temperature	-25℃~+85℃ (-13℉~+185℉)
Working Temperature	-15℃~+70℃ (+5℉~+158℉)
Humidity	0~95% (non-condensing)
Certifications	CE (EN55022, EN55024) FCC (ANSI C63.4, CFR 47 FCC PART 15
