

Amplifier PA-5250USBD

PA-5250USBD Pa Amplifier

- 2-channel microphone, 3-channel line input, 6 channel independent
- control
- Each channel can independently load 75% of the total power
- 6 partitions independent volume control, all the way through
- Priority microphone 1 with silent intrusion function for emergency
- broadcast
- Six partition output
- USB+FM+SD+Bluetooth+remote control+digital screen display
- Dimensions: 482\*390\*88MM

Power	250 W
-------	-------

Ətraflı

Model	PA-5250USBD
Type	Professional Amplifer
Rated Power	250W
Sensitivity	77.5MV
SNR	Mic>70dB , Line>76dB
Output Mode	4-16ohms/70V/100V

THD	<0.1%
FR	40hz-18KHZ±0.5DB
Muting Function	MIC1 with Priority muting for emergency broadcast  6 Zones mixing amplifier with MP3 player, USB/SD card  With alarm function and LED display  Independently control for treble and bass, master volume control  Protection function of AC fuse, short circuit, overload, high temperature  2 microphone inputs and 3 line input
Dimensions	482*390*88mm
Sound Channel	1
Voltage	AC 220V
