

I-1006F Ünvanlı Siren

Siren Address I-1006F. Addressable Electronic Sound Alarm with flash

The I-1006F Addressable Sound Sounder is designed and developed to be fully compatible with the I-1000 Series Intelligent Addressable Fire Panels. It can be programmed according to the fire scenario. The I-1006F is an addressable electronic siren that is easy to install thanks to its two-piece red housing. From the place where the device is installed, a sound with a power of 85 dB is heard at a distance of 3 meters. Thanks to the ABS plastic housing structure, the cable connections of the device can be made before installation on the base.

Detailed
