I-1005 İntelligent Adresli Yangin

I-1005 Intelligent Addressable Fire Alarm Button, 8 bit A/D Algorithmic Processor, Indestructible Glass

High quality and reliability
PCB Design Smd
Work according to the fire scenario
Possibility to use a flasher without a flasher
Aesthetic appearance
Easy installation
ABS plastic housing

Detailed

Standard	EN54-11
IP protection	IP20
Operating voltage	24V DC
Current	20 mA Max, 3 mA Min
Operating temperature	-10°C to +50°C
Relay output	NO-NC
RH	%95
Material and color	ABS, Red
Cable	1 pair of pole
Dimension	95mm x95mm
Weight	120 gr
