

## SD0384 Wi-Fi Water Leak Sensor

SD0384 Water Leak Sensor Tuya Wi-Fi smart water immersion water level sensor

- App: Tuya Smart/ Smart Life
- Battery Type: 2 LR03AAA dry batteries (600mA)
- Static current: <10υA
- Alarm Current: <160mA
- Low Voltage and undervoltage: <2.7V

|                  |                               |
|------------------|-------------------------------|
| Model            | SD0384                        |
| Network          | Wi-Fi                         |
| Input Voltage    | DC3V LR03                     |
| Detection Way    | <2cm                          |
| Working Humidity | ≤95%RH                        |
| Application      | Indoor                        |
| Function         | Detecting                     |
| Usage            | Home Security.Office Building |
| APP              | Tuya Smart / Life App         |
