

Mikrophone KC-023

KC-023 (microphones)

Energy conversion method: capacitive
Frequency response: 60Hz-16KHz
Directionality: Cardioid
Output impedance: 200
Supply voltage: DC3V with light

Detailed

Model	KC-023
Frequency Response	60Hz-16KHz
Destination	For Conferences
Installation / Mounting Method	Gooseneck
Connecting the device	Wired
Color	Black
Nominal Resistance	1000 Ohms

Directivity	Heart-Shaped
Output Impedance	200
Sensitivity	-42dB 2DB -42dB-2DB
Supply Voltage	DC 3V with light
